BES | *Product design*   *Lagos, Nigeria* | **Feb 2024**

Ui/Ux Design – Freelance

- I conducted thorough research to understand the targets audience, their needs, preferences, and pain points.
- I created a clear and organized structure for the website, ensuring intuitive navigation and easy to access information.

- I developed a visually appealing interface that aligns with the brand identity, using color, typography, imagery, and iconography effectively.
- I ensured that the website is responsive across different devices and screen sizes.
